Steve Foreman  
Project Manager  
Resource Management International, Inc.  
4340 Redwood Highway, Building B  
San Rafael, California 94903-2104

SUBJECT: BCDC Permit No. M92-57, *Citation Homes - Roberts Landing* Plan Approval

Dear Mr. Foreman:

Thank you for your revised plan submittal illustrating the public access and interpretive signs, dated May 7, 1996 and received via fax in our office on May 9, 1996, that included six sheets of plans and construction details. We are also in receipt of the four sheets of final grading plans entitled "Development Grading Plan 1996 Construction Roberts Landing", dated December, 1995 and received in our office on May 10, 1996.

After reviewing the revised plans, I have determined that the public access, site, landscaping and grading plans, and construction details conform with the conditions of the permit and are, therefore, approved. The mitigation plans are currently being reviewed separately by Bob Batha, Staff Biologist, for conformance with the conditions regarding marsh restoration work, protection, and habitat operations.

Good luck with the construction phase of your project. Should you have any further questions regarding this matter, please call me at (415) 557-8766.

Sincerely,

NORRIE BOYD  
Assistant Bay Design Analyst
